

Affidavit

My name is Patti Cloos. I was Captain Nelsen's wife's caregiver for five years. Alice (Aly) passed away in 2023 from Dementia.

Captain Robert had a 24-year relationship, 18-year marriage, and was Aly's 24/7 primary caregiver for five years.

Aly's children inherited Aly's house and three days after Aly passed, they shut off the water and electricity causing Captain Nelsen to vacate the home so they could sell or rent the house and divide the money amongst themselves.

Aly told me on several occasions over the past five years how much she loved "Bobby" and wanted him to share in the sale of house. I was privileged to have read the numerous love letter Aly wrote to Captain Nelsen, expressing her appreciation for the happiness and love that he had given her for over twenty-four years.

Captain Nelsen is eighty-three years of age and was forced to live in his truck as a homeless person for several months.

The unfair treatment and injustice Captain Nelsen faced are not just an attack on him, but an attack that every Senior faces when their "Estate Plan" is changed using undue influence.

If it can happen to Captain Robert, it can happen to any one of us.

I swear under oath that the above statements are factual and true.
